MARYVILLE, MISSOURI, MONDAY, OCT. 19, 1914.

NO. 118.

TO HAVE ANOTHER

ANNUAL HOME-COMING FETE IS PLAN UNDER WAY.

FREE ACTS WERE A HIT

Mammoth Crowds Final Days Enjoyed Gratis Stunts—Commercial Club Pleased, Considering Weather.

With the initial home-coming fete in the by-gone, business men and civic leaders generally in Maryville are turning their attention to a proposition to repeat the performance next fall with either a home-coming or some festivity on the same order. While the first three days of the home-coming celebration were partial failures, on account of the disagreeable weather, the last two days made up the deficiency in part with large crowds.

The Commercial club, which stood behind and boosted the movement, came out fairly well financially with the home-coming attraction, considering the conditions under which it had to labor, according to W. R. Jackson, secretary. Considerable of the scheduled prizes did not have to be given because of the lack of enough entries, so that it was enabled to expend more in other lines.

Will Boost Repetition.

Withal, those leading in the enterprise expressed satisfaction generally this morning when broached on the subject, and appeared willing to lend their support to a similar movement next fall.

The free act stunts engaged by the Commercial club for the home-coming celebration appeared to please the crowds immensely, and every act of the day drew an unusually large audience. The agricultural and domestic science exhibits also were visited by many persons living over the county.

The record crowd of Saturday afternoon, which was drawn from every city, town, village and farm within several miles radius of Maryville, continued to line the sidewalks downtown and throng the streets lining the square until a late hour Saturday night. The pyrotechnical display, with the W. O. W. emblem as a feature, also was witnessed by a fairly large crowd.

Laud Schools in Parade.

More favorable comment, perhaps, was heard on the streets Saturday afternoon and since that time relative to the school historical pageant than for any one attraction of the home-coming. Each float ably portrayed that which is was supposed to represent, and those pupils and teachers who took part in the parade were warmly applauded by the several thousand on-lookers.

While the number of floats and representations from rural schools was not large on account of the bad roads leading into the city, the eleven floats from the Maryville grade and high schools and the State Normal made up the deficiency. Miss Beulah Bruner and Miss Mildred Miller lead in the decoration of the three Normal floats.

But two of the nine prizes offered for floats from schools outside of Maryville were given, as but two rural schools competed. They were the Elm Grove and the Bloomfield schools. The Elm Grove school got first prize of \$15 and the Bloomfield school got second prize of \$10. The Elm Grove teacher is Miss Coza Thummel, while Miss Laura Walton is instructor at the Bloomfield school.

Other rural schools from which there were pupils who marched in the parade were: Royster, Excelsior, Swallow, Jones Branch, Walker, Moore and Sunrise.

TO TEACH IN BROOKLYN.

Miss Morrison Has Position in Girls' High School of Brooklyn.

Miss Grace Morrison, a former teacher in the Maryville high school, has recently been elected to a position in the girls' high school of Brooklyn, N. Y.

Miss Morrison had been teaching for the past two years in the government schools of Porto Rico, and returned to New York in August. At that time she took the examination for a teacher's position in the New York schools, obtaining it with high credentials. Miss Morrison begins her new work this week.

Spent Sunday With Miss Airy.

Miss Grace Sturm spent Sunday at Burlington Junction, the guest of Miss Neva Airy.

Guest at Smith Home.

Mrs. Grace L. Brengle of Perry, Okla., arrived in Maryville yesterday and will visit until tomorrow with Mr. and Mrs. C. Q. Smith and family.

FORMER RESIDENT DIES.

John Pickett Succumbs at Monte Vista—Well Known Here.

John Pickett, formerly of Maryville, later of Skidmore, and for many years a resident of Colorado, died October 14, at his home at Monte Vista, Col. Mr. Pickett was about 70 years old. His death followed an illness of months.

He is survived by his wife, who is a cousin of Judge Ira K. Alderman of this city, and by three daughters and a son. They are Mrs. Mary Single, Mrs. Ella K. Holt, William and Effie Pickett. The family is very well known to many Nodaway county people. Since the death of her husband, Mrs. Pickett makes her home with her daughter, Mrs. Ella Memper Holt of Monte Vista.

400 EXHIBITED PRODUCTS

About 600 Entries in Aggie and Home Show—Award Corn Judges.

It is estimated there were nearly 600 separate exhibits in the agricultural and domestic science show which was held last week in connection with the home-coming celebration, by W. M. Oakerson, county school superintendent, who had charge of the event. These were contributed by approximately 400 men and boys and girls. Of the entire number perhaps 150 were entered in the farmers' contests, 125 in the boys' contests and 150 were girls competing for domestic science prizes.

While this number was considered satisfactory by those in charge, it is believed there would have been at least 1,000 entries had the weather been good the first half of last week and the roads in good condition. Many who had articles for display were unable to get to Maryville before the entries closed last Thursday night, it is said.

In the corn judging contest, held in connection with the exhibit, fifteen boys from over Nodaway county were entered. None were able to find the guled or discolored sample which was put in the bunch purposely, and but one, Hollis Hays, succeeded in finding the red cob sample, which was mixed with the white corn.

The prize winners were: First, \$5, Dale Thompson; second, \$3, Charles Hartman; third, \$2, Virgil Robinson; fourth, \$1, Hollis Hays; fifth, 50 cents, Viles Risher. The blue ribbon boy is a son of M. C. Thompson, living near Maryville.

M. B. NEWLON DIES.

Succumbs This Morning to Long Illness—Funeral Arrangements Later.

Nathaniel B. Newlon, aged 52, died at 10 o'clock this morning at the family home, on East Third street. Mr. Newlon had been an invalid for two years past, his illness being caused by paralysis. The funeral service will be held at 2:30 tomorrow afternoon at the residence.

The decedent was born at Lewiston, Mo., and spent his early life there. Later he came to Nodaway county. He taught in a number of schools of this county and others in northwest Missouri. When his health failed he returned with his family to this city to make his home. He is survived by a wife, who is a daughter of Mary Cummings of this city, two children, Jennie, aged 5, and Ida, aged 3, and two sisters, Miss Ida Newlon of this city and Mrs. Alex Thomas of Lewiston, Mo.

But two of the nine prizes offered for floats from schools outside of Maryville were given, as but two rural schools competed. They were the Elm Grove and the Bloomfield schools. The Elm Grove school got first prize of \$15 and the Bloomfield school got second prize of \$10. The Elm Grove teacher is Miss Coza Thummel, while Miss Laura Walton is instructor at the Bloomfield school.

Other rural schools from which there were pupils who marched in the parade were: Royster, Excelsior, Swallow, Jones Branch, Walker, Moore and Sunrise.

TO TEACH IN BROOKLYN.

Miss Morrison Has Position in Girls' High School of Brooklyn.

Miss Grace Morrison, a former teacher in the Maryville high school, has recently been elected to a position in the girls' high school of Brooklyn, N. Y.

Miss Morrison had been teaching for the past two years in the government schools of Porto Rico, and returned to New York in August. At that time she took the examination for a teacher's position in the New York schools, obtaining it with high credentials. Miss Morrison begins her new work this week.

Spent Sunday With Miss Airy.

Miss Grace Sturm spent Sunday at Burlington Junction, the guest of Miss Neva Airy.

Guest at Smith Home.

Mrs. Grace L. Brengle of Perry, Okla., arrived in Maryville yesterday and will visit until tomorrow with Mr. and Mrs. C. Q. Smith and family.

TALKS ON NORMAL

SCHOOL HEAD EXPLAINS RELATIONSHIP TO CITY.

IS INDUSTRIAL CENTER

State Institution Means Much to Maryville in Every Way—Prof. Ira Richardson Tells Presbyterians.

The Northwest Normal and its relationship and worth to Maryville were explained by Prof. Ira B. Richardson, president of the Normal, in an address at the First Presbyterian church at 11 o'clock yesterday morning. He spoke instead of the Rev. S. D. Harkness, who is absent from the city.

While the set topic of his address was "How Maryville Can Help the Normal," the gist of the address pertained more to the early history of the Normal, its object and present attainments, its worth, and of the Northwest Normal's especial moral, mental and physical value to Maryville and vicinity.

Insight Into Normal.

"The discussion of this topic at the request of the pastor of this church is not based upon complaints of lack of support, but upon a desire to aid the citizens of Maryville in securing a more adequate knowledge of the institution placed in their midst by the state," said Prof. Richardson.

"Any consideration of the topic must take cognizance of a series of social relationships, as the relation of the state in education in general; to compulsory education of the child; to the kind of teachers provided for the child; to special types of higher educational institutions and to the communities where these are located, also the relations existing between these institutions and the communities.

Less Than Century Old.

"Before considering these let us note that though schools for training teachers existed in Europe in the seventeenth century, yet it was late in the nineteenth century before we find them in America, the first beginning its work in 1839 in Massachusetts, largely due to the activity of Horace Mann, then secretary of the state board of education. The delay was due to the unorganized technique of teaching as compared with law, medicine, theology, etc.; to the attitude toward teaching, it being thought an easy art to acquire and practice.

"Many became teachers without training, and some have used native qualities to good advantage, as have some of those who entered all callings. Recent changes have made education a scientific study ranking with the study of medicine and other professions and with such fields of knowledge as history, science and sociology.

Should Better Train Teachers.

"Studies of recent years in such sciences as psychology, biology and sociology are making us aware of the need of a more careful and efficient development of the child, hence the demand by parent and commonwealth for more highly trained teachers, skilled in the recognition of individual differences in order to instruct properly and to guarantee the equality of opportunity through a variety of opportunity suited to individual needs.

"Missouri established schools to give this training in the early seventies, the last two of the five now existing being organized in 1906, following legislative enactment of 1905.

"Certain obligations came into existence with this and later legislation on the part of the state to the community, and on the part of the community to the school. A portion of this latter was discharged by giving lands and money, but it is continuous. Before going further, what of the

(Continued on page 4.)

WOMEN BEGIN MEET

MISSIONARY SOCIETY MEMBERS OF DISTRICT GATHER HERE.

LUNCHEON IS SERVED

Visiting Delegates Dine Then Hear Addresses by Two Workers in Methodist Church, South.

The annual meeting of the St. Joseph district Women's Missionary society of the Methodist church, South, opened at 2 o'clock Monday afternoon in the Buchanan Street Methodist church with a good crowd in attendance.

The delegates were entertained with a luncheon at noon, served in the lecture room of the church. The afternoon was devoted to auxiliary reports and work relative to the district organization, and one by Miss Nannie Davis.

Among the delegates attending who have a prominent place in the district work are Mrs. J. C. Handy of Fulton, second vice president of the state conference; Mrs. E. B. Sheldon of this city, superintendent of publicity, mission study and Bible study of the state conference, and Mrs. A. M. Bedford of Savannah, district secretary.

The principal feature of tonight's session at 7:30 o'clock will be an address by Mrs. Handy.

Delegates Arrive.

Tomorrow afternoon a talk will be made by Miss Rose Brandon of St. Joseph, a deaconess at Wesley House. This is one of the main institutions of the church and Miss Brandon's talk will be of interest to everyone.

OPEN DEMOCRATIC CAMPAIGN

Local Leaders Speak in School Houses of County Tonight.

The Democratic speaking campaign over Nodaway county will be formally opened at 7:30 o'clock tonight with six addresses by local political leaders in three school houses. Beginning tonight Democratic meetings will be held each night at various places over Nodaway county until the general election, November 3.

The meetings planned tonight, together with the speakers, are: Lafayette school house—W. G. Sawyers and Daniel R. Baker.

High Prairie school house—Ellis G. Cook, M. E. Ford and Jesse F. Robertson.

Brush Africa school house—Charles F. McCaffrey.

Each will begin at 7:30 o'clock.

WITH THE HANAMO.

W. E. Jones, Formerly of Bell, Now Superintendent of Local Plant.

W. E. Jones of this city has accepted a position as superintendent of the plant of the Hanamo Telephone company. He commenced his work today. Mr. Jones has had seven years of experience in the telephone business and for two years was manager of the local Bell exchange up to the time they sold out to the Hanamo company. For the past year or more Mr. Jones has been connected with Sewell & Carter. He resigned his position there to accept his new job with the Hanamo.

HOLDS FUNERAL SERVICES.

Burial of Mrs. James King From Workman Chapel Yesterday.

The funeral services of Mrs. James King, living west of Pickering, who died Saturday morning, were held at 10 o'clock yesterday morning at the Workman chapel, conducted by the Rev. Mr. Carmichael of Hopkins. The body was interred in the Workman cemetery.

Mrs. King is survived by her husband and three children.

IS FINED \$20 FOR GAMING.

Home-Coming Stand Master "Stung" Maryville Youth, Charged.

Earl Howard, who operated a "chance" stand last week on the south side of the square, was fined \$50 and costs in special police court session early yesterday morning. His fine later was reduced by Mayor U. S. Wright. He paid. The costs amounted to \$6.10. Complaint against Howard was made by Albert McFarland of this city. McFarland claimed he lost about \$9.00.

Six drunks also came up before police court yesterday and this morning and pleaded guilty. They were each fined \$5 and costs. They were Samuel Snyder, L. Libbe, James Kelly, Ray Riggins, John Johnson and Frank Brown. All paid but Kelly.

SECURES 1915 CONVENTION

Next Annual Meet First District Missouri Federation Women's Clubs Here.

Maryville has been chosen as the meeting place for the next annual convention of the first district of the Missouri Federation of Women's Clubs, to be held some time in October of next year.

The decision was made at the close of the 1914 convention in Chillicothe, which adjourned Saturday night. The invitation to meet in this city was presented by the Maryville delegates, Mrs. M. G. Tate and Mrs. Leslie E. Dean, and it was unanimously accepted. This is the second opportunity given the city club women to entertain the district convention, the last time being five years ago.

The convention just concluded at Chillicothe presented an interesting program. The visiting club women were shown every courtesy and hospitality by the women of Chillicothe, and enjoyed many social affairs as well as the club sessions.

The meeting opened Thursday night with a formal reception. The remainder of the time was devoted to club work and reports.

The following officers of the district were chosen for the ensuing year:

President—Mrs. Miles Elliott, Chillicothe.

First vice president—Mrs. Platt of St. Joseph.

Second vice president—Mrs. Hutchinson of Jamesport.

Secretary—Miss Catha Wells of Chillicothe.

STARTS SHIP CRUSADE.

Presbyterian Sunday School Starts Fund—Joseph Jackson Will Double Gift.

The Sunday school of the First Presbyterian church has started the movement in the interest of the Christmas ship crusade by giving the fund to be used for the Christmas entertainment of its own members as the nucleus of the donation.

The project was taken up before the school yesterday morning. Joseph Jackson, Sr., has agreed to double the amount given by the Sunday school, and the total collection will be made next Sunday.

COMES FROM IOWA FOR DOG.

Shenandoah Youth Returns to Find Faithful Canine Locked Up.

Because of the attachment for a little bob-tailed dog, a trip to Maryville was made in search of it by Frank Redfield of Shenandoah, Ia., this week, only to come home and find the faithful pup locked in the woodhouse where he had waited patiently to be freed. Redfield did not know how much he thought of that dog until the incident revealed it to him.

Some men from Maryville were working nearby and they were very kind to it, petting and making over the little bob-tailed pup. When they went away the dog was missing. The master grew anxious and excited. He could stand it no longer and after two days of worry he got on the train and went to Maryville to see if the men had taken him.

No, the dog was not there. He came home and sat down to mourn the loss. A thought came to Mrs. Redfield and she went to the woodhouse and unlocked the door. There was the dog. He had been in the shed four days without a bite to eat and had never howled or whimpered. A hole was almost gnawed through the door.

Otis Invades County.

Merrill E. Otis of St. Joseph, Republican candidate for congress, opened a week's campaign in Nodaway county at 2 o'clock this afternoon with a political speech at Barnard. He is scheduled to speak two hours later at Guilford, and at Conception Junction at 7:30 o'clock tonight.

350 NIPPONS PROBABLY DROWN WHEN CRUISER SINKS.

HIT KIAO CHOW MINE

Takachihio Runs Into German Explosive in Chinese Waters—Save Ten of Crew.

Tokio, Oct. 19.—It is officially announced that the Japanese cruiser Takachihio has been sunk by a mine, believed to have been placed by Germans, in the bay of Kiao Chow Saturday night. But one officer and nine members of the crew out of a total of 357 are known to have been saved. All others are believed to have drowned or been killed by the explosion.

LESTER ROGERS IMPROVES

Boy Who Fractures Skull in Train Fall May Recover, Reported.

The condition of Lester Rogers, 16-year-old son of Lewis E. Rogers, who lives four miles northwest of Maryville, who was injured at St. Joseph Friday, was slightly improved this morning, according to information received here by the father. Mr. Rogers left this morning for St. Joseph to visit his son, while Fred Rogers, of Maryville, an uncle to the boy, has been at his bedside since Saturday.

Lester had his skull fractured—in fact crushed—in falling from a Burlington passenger train at the Francis street station there Friday afternoon. He has been at the Ensworth hospital since the accident. He is unconscious part of the time.

While his recovery is expected by the attending physicians, his condition is serious, it is reported. Lester's father had gone to St. Joseph with a load of hogs on the local freight train at noon Friday, while Lester, followed on the evening passenger. He was to meet his father at the union station. Mistaking the Francis street depot for the union station, he started to alight while the train was in motion. He fell striking his head on the pavement.

TO GIVE PLAYLET.

Aid Society of Christian Church to Stage Entertainment.

The Ladies' Aid society of the First Christian church, assisted by Mr. and Mrs. E. D. Brown of St. Joseph, will drill one hundred little folks in a playlet called "A Bride of Colonial Days." The entertainment will be given at the church on the night of October 30.

MCNEELEY HEADS REGIMENT.

Local Guardsmen Attend Conference—May Become Regimental Band.

Ezra Phipps, resigned captain; Loren DeMotte, first lieutenant, and Arch Ledgerwood, second lieutenant, of Company F, Fourth regiment, National Guards of Missouri, returned last night from St. Joseph, where they attended a regimental conference yesterday. Lieutenant-Colonel John D. McNealey was elected to succeed Colonel C. C. Macdonald as head officer of the regiment yesterday. Colonel Macdonald having resigned for lack of time to devote to the work.

An effort will be made to make of the Maryville band the official band of the Fourth regiment. It is understood that the majority of the band members favor such action, on their being exempt from riot calls. Some action in this regard is expected to be taken soon, it was intimated at the conference yesterday by the regimental officers.

The meeting was attended by forty line officers and four field officers. It was held in the armory of Company K. A banquet was later served in the Hotel Robidoux, with Colonel McNealey as host.

A general discussion of plans for the coming year's work in the guard companies was held. Further plans for next year's annual encampment also were discussed. It will be a two weeks bivouac camp in the Ozark region, with the entire state companies participating.

The Fourth regiment has received three of the companies formerly in the Sixth regiment, which was disbanded a few days ago.

CLEAN UP CITY TODAY

Refuse of Home-Coming Crowds Leave
Streets in Clutter.

The cleansing of the Maryville business section after the five-days Home-coming celebration was begun this morning by the city street force and the court house janitor. The refuse of the thousands who attended the festivities the last two days, made jobs for many men. Several loads of rubbish were removed.

The new enclosed street sweeper that the city recently purchased, will be pressed into service this afternoon to aid in the clean-up after the worst of the rubbish is ridded from the streets. The court-house lawn looked like a Kansas cyclone had swept the rear-half of a news-paper office across it while the streets lining the square, looked little better before the "Dutch Cleansers" got to work.

Withal the rubbish however distributed by the celebrators, the conduct of the participants was considered good by the city and county peace maintaining authorities who made few arrests and they only for petty offenses. No pickpocketing was reported during the week.

AGED WOMAN DIES.

Mrs. Ellen Welty of Burlington Junction Succumbs Yesterday.

The funeral services of Mrs. Ellen Welty of Burlington Junction, who died yesterday afternoon, will be held at 11 o'clock tomorrow morning at the Methodist church.

Mrs. Welty was nearly 76 years old. She is survived by one son, John Welty of Burlington Junction.

The Probate Court of Nodaway County

Shall we remain another term, is the question to be determined by the voters of Nodaway County; and after examining our record, and consulting with those with whom we have done business, you should find that it would be to your interest and to the interest of the people of Nodaway County, to give us your support at the next November election, it will be greatly appreciated.

Truly Yours,

W. H. CONN

HAS \$11,027 FUND

POLK SPENDS \$7,525 LAST MONTH
FOR ROADS.

28 ARCHES AND SLABS

Two of Nine Districts Lack Improve-
ment Fund—Much Bridge Build-
ing Yet Needed.

Polk township still has \$11,027.36 of the special fund of \$50,000 which it voted last summer for road and bridge improvement, according to a report just submitted by the township board. Of this amount \$5,954.32 is in the general road fund and the remainder scattered among seven of the nine districts. District No. 6 has overdrawn \$13.44 and No. 7 \$1,588.02.

The work of the last month amounts to twenty-eight arches and slabs scattered throughout the township. Most of the improvement recently has been small, although some work yet remains to be done before the township roads and bridges are placed in good condition, it is said.

The amounts in the seven districts are: No. 1, \$1,462.38; No. 2, \$377.21; No. 3, \$413.02; No. 4, \$1,582.34; No. 5, \$656.78; No. 8, \$1,185.06; No. 9, \$970.81. Total, \$12,615.36. Less overdrawn amount, \$11,027.36.

The work done in the township since the last report, the cost, the variety of improvement and farm near where it is located follows.

MORE PORK WITH LESS CORN.

Missouri Agricultural College Expert
Explains How It Is Done.

"Is it possible for the farmers of Missouri to make more money out of the corn which they feed to hogs?" asks L. A. Weaver in an article from the Missouri agricultural experiment station. Continuing, he says:

"It can be done in two ways. First, by feeding a better class of hogs; that is, using more perfect machines for converting corn into pork, and second, by methods of feeding which will produce the largest amount of pork from a given amount of corn.

"For fattening hogs, corn is almost indispensable in this state. Corn alone, however, is not a complete ration. It is deficient in protein and ash, two nutrients which are necessary for the building of muscle and bone. In order, then, to balance a corn ration, feeds must be added which are high in the elements which corn lacks. Some of the supplements best suited for this purpose are tankage, linseed oil meal, skim milk and wheat middlings. No animal can produce pork efficiently unless a complete ration is supplied.

"In a ration consisting of ten parts corn and one part tankage, one pound of tankage will save about four pounds of corn. This makes a ton of tankage worth around \$85 with corn at 60 cents a bushel. Likewise in a ration composed of six parts linseed oil meal and one part corn, one ton of the oil meal is worth from \$50 to \$55. While wheat middlings is ordinarily a more expensive supplement than either tankage or oil meal, a ration of two parts corn and one part wheat middlings is more economical than corn fed alone. Skim milk is a very efficient supplement, and when it can be had it will materially cheapen the ration if three to five pounds of milk be fed with each pound of grain.

"The above proportions are by weight rather than measure and are given on the basis of fifty-six pounds of shelled corn to the bushel. If ear corn is fed, allowance must be made for the extra weight of the cob."

Return From Visit.

Mrs. John Colden of Wilcox and Mrs. Price Hall and children, Pauline, Lester and Roy of Maryville, have returned from a three weeks visit with relatives at Vevay, Ind.

Mrs. W. H. Jewell of St. Joseph, who has been visiting her sister, Mrs. J. L. Tilson, several days, returned home this morning.

Fishermen Arrive.

Joseph Jackson, Jr., Paul Sisson and Roy Curfman, who left Maryville about two weeks ago by automobile for Branson, on the White river, for a fishing trip, arrived at their destination Friday, according to information received today. They, however, were obliged to forsake the motor cars at Warrensburg and go the remainder of the way by train.

Mayor U. S. Wright probably will join them in the Ozark region within a few days. They will be gone for some time. They expect to go from Branson by boat down the White river as far as the Arkansas state line, or perhaps farther.

To Missouri Baptist Meeting.

The Rev. Lewis M. Hale left this morning for Columbia to attend the annual state convention of Missouri Baptists there for the first three days of this week. About 800 delegates are expected to attend. Mr. Hale is the only person known to have gone from Maryville today.

Brought to Hospital.

Edward J. Gaffney, living near Bedison, was brought to St. Francis hospital yesterday suffering with pneumonia.

The way to
celebrate
Edison Day

On that day make your
home brighter and happier
with more light, better light, cheaper light.
You can do that by lighting each room with

EDISON
MAZDA LAMPS

By giving you from 3 to 6 times as much light as the old-style incandescent lamps, EDISON MAZDAS make it possible for you to have more light in each room, more rooms lighted, or more hours of light—without increasing your bills for electricity.

We carry all sizes of EDISON MAZDA Lamps from the tiny battery lamp to the powerful high-efficiency thousand watt units.

If your house isn't wired, our experts will tell you how you can modernize at a very little cost.

**The Best Book of
The Year**

When you stop to think about it, doesn't your Bank Book tell much of the story of your own life? You, who can read between its lines and analyze its figures, know the labor and sacrifice represented by each dollar deposited. Every entry is the happy ending of a thrilling chapter. Make your book grow—it is recording your history and telling the story of your success. If you have no Bank Book, bring in a deposit and get one.

LEO SLEZAK

"Tuxedo means tobacco superiority. It easily holds first place in my opinion on account of its wonderful mildness and fragrance."

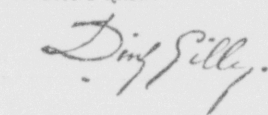

KARL JÖRN

"Tuxedo is the ideal smoke in my opinion. If you find your energy sagging, try a pipeful of Tuxedo. It's a wonderful bracer."

DINAH GILLY

"Pipe smoking gives added pleasure when the pipe is filled with Tuxedo. Tuxedo provides more keen enjoyment than any other tobacco I know."

**Grand Opera Stars Choose
TUXEDO**

The Favorite Tobacco of the World's Best Singers

THE world's great singers, the bright stars of grand opera, must have confidence in the tobacco they smoke, must choose a tobacco that has no harmful effect on their throats.

Leading singers at the Metropolitan Opera House during the current season—Slezak, Jörn, Gilly, Didur, Griswold, Witherpoon—find Tuxedo the one tobacco they can smoke with thorough enjoyment and absolute safety.

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

Tuxedo cannot sting, bite or irritate the delicate membranes of the mouth or throat.

Leading men in every walk of life testify to the soothing, energizing, helpful influence of Tuxedo.

If you try Tuxedo for a month and cut out other smokes, you will find that you are getting the utmost satisfaction and enjoyment possible out of your smoking, and at the end of the month your general health will be improved.

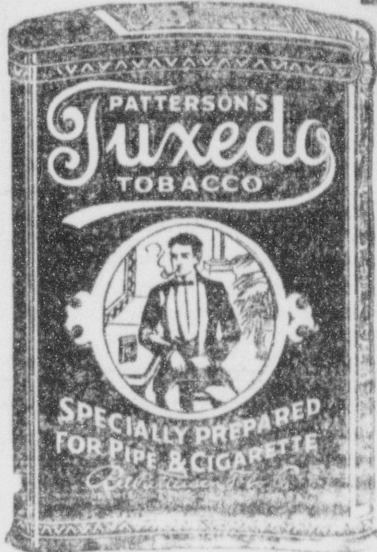

Try Tuxedo This Week!

YOU CAN BUY TUXEDO

MORE GOOD REASONS

Why Chas. Hyslop should be elected Representative.

5. "He is Big and Broad enough, to represent the best interests of County and State regardless of Party."

6. The People still remember that in the campaign of 1888 his was the only name on the Republican ticket that stood against the Democratic land slide, THERE WAS A REASON. As Public Administrator and Guardian he handled more than \$145,000, nearly one-half of which accumulated under his management, settling more than 150 estates. (More business in fact, than any three of his predecessors or successors have handled,) all satisfactory to Court, Estate and Bondsmen.

7. "To the end that he may make good, as he always has, he needs your vote, remember this is the most important office to be voted for in November."

—Adv.

November Third
is drawing nigh,

For hiring help—
not passing pie.

As Wray's all right
for writing needs,

Indeed, we'll have
him do our deeds.

Remember to
Re-elect Wray
Recorder. That's
Reasonable

The General says:

Get the habit of reading these advertisements. You may not want roofing now or for another year, but if you read our advertisements you will be thoroughly posted on what to buy when you put up that new building.

Certain-feed

Quality Roofing Durability

—in its three forms—rolls, shingles and built-up form—is the best that money can buy, and its extensive use on factories, warehouses, skyscrapers, business blocks, farm buildings, army and navy stations, residences, barns, etc., proves it is the most popular roofing on the market today.

This popularity is the result of the excellent service Certain-feed Roofing gives on the roof and the reasonable price at which dealers sell it.

BUSINESS PROSPERITY.

No Reason for Industrial Depression.

Prosperity is a happy state. It depends upon good credit, stable prices, employment of voice earners and a general confidence in the future.

Of late there seems to have been an unnecessary amount of business depression, due mostly to the lack of fairness of one class toward another, and to a little dishonesty or overreaching scattered through all the classes, but not in a majority of any of them.

In a country of our enormous natural wealth, we should have little to worry about. The United States, with its insular possessions and Alaska, is nearly as large as Europe. Our coasts are fringed with excellent harbors and intersected by internal waterways, and we have, by far, the finest and cheapest coast railroad transportation in the whole world, making communication cheap and easy. We have tremendous water power and every variety of climate and soil. Magnificent forests cover a great area of our territory. Our land is liberally stocked with almost every variety of mineral wealth, and with our vast agricultural wealth we lead the world in a great many things.

When corporations are reformed and their life aired by publicity, and when business men begin to feel a renewed confidence, and when political "care takers" who have never made a success of their own affairs, quit offering "remedies" for all sorts of imaginary troubles; when we have full publicity in politics and in government; when business managers and employees treat each other fairly, the causes for apparent depression will disappear and real prosperity will return and stay with us.

Certain-feed Roll Roofing is guaranteed 5 years for 1-ply, 10 years for 2-ply and 15 years for 3-ply, and the writing guarantee is backed by the assets of our big mills.

In addition to above we also make a complete line of other roofing, building papers, etc. Ask your dealer. He will be glad to give you further information about our goods and will quote you reasonable prices.

TALKS ON NORMAL

(Continued from page 1.) school, that it deserves the co-operation and support of the community.

Subject Training Not All.

"Its function, as expressed in the statutes, is 'to prepare young men and women to become competent teachers in the public schools of the state.'

"It is a state school of college grade, having the immediate purpose as expressed above, but its field and service is broader, made so by present day demands. Its work is more complex than the college of arts and sciences—it is a college and more than a college.

What Constitutes Normal.

"In its organization it is made up of—

"(a) The training school, a typical elementary school with its distinctive organization embracing the kindergarten and the grades of an elementary school, exemplifying the best organization of subject matter and modes of instruction, and providing opportunity for practice by the advanced students.

"(b) Secondary instruction for students from communities not having complete high school instruction.

"(c) Collegiate instruction, requiring for entrance the completion of standard high school work. This division includes vocational and cultural studies as represented by the standard departments of collegiate instruction—a completely organized college.

Means Much Financially.

"From a business standpoint the school represents a distribution of thousands of dollars annually into the channels of trade of this community, perhaps a greater distribution than afforded by any other enterprise.

"From the standpoint of utility it provides trained teachers to the city's schools and the opportunity of securing the two-year collegiate work now necessary to enter the professional schools of our universities.

"From a cultural and ethical point of view it offers cultural training to the city's young men and women; it points to the best things of life—it is one of our social institutions and exerts a wholesome influence in this field.

How to Aid Normal.

"The citizens of Maryville may help the work of this institution and further discharge their continuous obligation, first by knowing the school through visitation, by knowing the extent and character of its work, by knowing the quality of its student body, made up, in the main, of high minded, purposeful, capable young men and women, comparing very favorably with other student bodies; by knowing the quality of its faculty, men and women with character, industry and knowledge, trained in the best institutions for their specific work; by knowing its equipment, expanding as funds permit, and the quality of instruction demands; by knowing its curriculum, designed to give substantial, cultured and technical training.

Help the Students.

"Second, the members of the faculty are citizens, making homes and owning property and worthy of participation in the affairs of the community. Its students are temporarily members of our homes, our church congregations, and a part of the community. Make them feel at home and not as a group apart from us. Then they will commend our city to their friends.

"Third, by knowing the institution and imparting that knowledge to others, by taking advantage of its offerings for your sons and daughters here at home. By making the school and its grounds a show place to visitors, and by telling others of its advantages when traveling or visiting away from home.

Can Aid in Securing Funds.

"Fourth, by a unity of purpose and co-operation of all in securing such funds from the state as may be needed to maintain and strengthen its work and provide for expansion, by helping those who make appropriations and exercise control to know more of the school. They want information that they may act intelligently.

"Fifth, by continuing municipal and co-operative group action in further beautifying our city and the approaches to the campus.

Do Not Claim Perfection.

"Sixth, by being ever mindful that the school is a state institution, located in our midst, subject to state control, in fundamental relation to other state educational institutions and worthy of the same zealous care and interest that should be given to private matters and business. The institution does not claim perfection—its deficiencies may be in the process of elimination through development for better things."

WAGONS—Get the other man's price and then go to F. Barmann's and buy your wagon.

Jesse Spoonemore of Ravenwood, Republican candidate for judge of the county court of the south district, was in Maryville this morning on political business.

SICK, SOUR STOMACH, INDIGESTION OR GAS

Take "Pape's Diapepsin" and in Five Minutes You'll Wonder What Became of Misery in Stomach.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Paine's Diapepsin, which costs only fifty cents for a large care at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

It Isn't Your Town; It's You.

If you want to live in the kind of a town

Like the kind of a town you like,

You needn't slip your clothes in a grip

And start on a long, long hike.

You'll only find what you left behind.

For there's nothing that's really new.

It's a knock at yourself when you

knock your town,

It isn't your town—it's you!

Real towns are not made by men

afraid

Lest somebody else gets ahead.

When everyone works and nobody

shirks

You can raise a town from the dead.

And if while you make your personal

stake

Your neighbor can make one, too.

Your town will be what you want to

see.

It isn't your town—it's you!

—From a Des Moines author in the

Clarinda Herald.

WILSON ON RECORD OF PARTY

Letter to Underwood Indorses Democratic Congressmen.

Washington, Oct. 19.—President Wilson made public a letter to Majority Leader Underwood of the house, in which he reviewed the achievements of his administration, outlined the program for the next session of congress and declared "the Democratic party is now in fact the only instrument ready to the country's hand by which anything can be accomplished."

The president wrote the letter as an indorsement of all Democratic members of congress in lieu of speeches he said he would like to make in every congressional district. He predicted victory for his party in the elections because "every thoughtful man sees that a change of parties just now would set the clock back, not forward."

The legislative program begun during the present congress was declared by the president to have been begun "to destroy private control and set business free." He said that the people of the country had been served by this congress as "they have never been served before."

Speaking of the program for the next session of congress, the president mentioned legislation for building up the American merchant marine, and the "completion of a great program for the conservation of our natural resources and the development of the water power of the country."

Poincare's Home Shattered.

London, Oct. 19.—The mayor of Campigny-Sur-Meuse, France, states that German shells completely destroyed President Poincare's country house there, ruining all the paintings and statuary, according to the Paris correspondent of the Exchange Telegraph company.

Steamer Takes Fire.

Portland, Ore., Oct. 19.—The Grace line steamer Santa Catalina, en route here from New York, took fire in the Columbia river near St. Helena and was beached, with the loss of one life, that of a fireman. The vessel was badly damaged.
